- Combined smoke/carbon monoxide detectors located as per building code.
- Pre-wiring/cover plate for maximum of two (2) RG6 coaxial cable TV outlets; one in the family room/great room; and one in the master bedroom, location as per Vendor. Purchaser is to arrange for activation/service delivery directly with the cable company after closing.
- Pre-wiring/cover plate for two (2) telephone outlets; one in the kitchen and one in the master bedroom, as per Vendor. Purchaser is to arrange for activation/service delivery directly with the phone company after closing.
- 100 amp electrical service with circuit breaker panel and copper wiring.
- Two (2) exterior electrical outlets, location per Vendor, both with ground fault interrupter (GFI).
- Separate electrical outlet on garage ceiling for future installation of garage door opener by Purchaser after Closing.
- Front door chime.
- Rough-in for future installation of a central vacuum system with adjacent electrical, all runs dropped into basement, as per Vendor.

HEATING

- High efficiency ENERGY STAR® forced air gas furnace with electronic ignition. Note: heating equipment location may vary from plan.
- Sealed ductwork (supply air runs per ENERGY STAR® specifications).
- High efficiency power-vented gas-fired hot water tank on a rental basis, as per Vendor.
- Heating equipment ductwork pre-sized for installation of future central air conditioning.
- Heat Recovery Ventilator (HRV) for fresh air circulation.
- Whole home humidifier.
- Programmable thermostat.
- On demand hot water recirculation system to Master Ensuite.
- Drain water heat recovery system (DWHR).
- Solar conduit rough-in from the basement to the attic space. Roof trusses designed to support the weight of future solar panels.

CONSTRUCTION FEATURES

- ENERGY STAR® construction (3rd party certified).
- All homes constructed in accordance with the Town of East Gwillimbury Sustainability Guidelines and Implementation.
- Poured concrete front porch and garage floor with reinforced grade beams.
- Advanced floor joist system utilizing engineered floor joist technology.
- Tongue and groove sub-floors glued, nailed and screwed down to floor joist.
- 3/8" plywood roof sheathing.
- Covered front porch, as per plan.
- Exterior walls of habitable areas framed with 2" x 6" stud construction with walls insulated to R-25 and attic insulated to R-50.
- Spray foam insulation in garage ceiling below liveable areas as well as all cantilevered areas.
- All garage walls to be fully drywalled and taped.
- Air/vapour barrier applied to exterior walls. Air seal package to all exterior doors and windows.

N.B.

Subject to the terms of the **Agreement of Purchase and Sale** attached hereto, the Vendor shall have the right to substitute other products and materials for those listed in this Schedule or provided for in the plans and specifications provided that the substituted products and materials are of a quality equal to, or better than, the products and materials so listed or so provided.

1. The Purchaser hereby acknowledges and agrees that due to grading and drainage conditions, the Vendor at its sole discretion may make the following modifications without adjustment to the purchase price and without further notice to the Purchaser:
 - a) although the house plan may indicate the inclusion of a door, which would be an insulated steel door, between the garage and the laundry/utility room, the door may be eliminated.
 - b) although the house plan may indicate the inclusion of a side door, the door may be eliminated.
 - c) one or more steps may be installed with or without a railing in the garage due to the difference in level of the garage and the balance of the house, although such step or steps and/or railing may interfere with or limit the use of the interior of the garage.
 - d) the laundry/utility room may be lowered to accommodate the door to the laundry/utility room from the garage and/or the exterior side door.
 - e) the installation of a deck may or may not be required depending upon the grading requirements for that particular lot.
2. Purchaser acknowledges that exterior railings are to be installed on front porch, as per applicable model, or when the top of the porch height exceeds 23 5/8" above finished grade, as determined by the Vendor or as required by the Control Architect, Municipality or governing authority.
3. The Purchaser acknowledges that the unfinished basement may have reduced headroom areas due to mechanical duct and/or supporting structures.
4. The Purchaser acknowledges that the entry steps to the house may vary or be eliminated due to grading conditions.
5. The Purchaser acknowledges that finishing materials contained in any model home or sales office display including but not limited to: carpet, furniture, electrical fixtures, drapes, ceramic flooring, upgraded kitchen cabinets, stained staircases, railing, wallpaper, paint, landscaping and fencing may be for display purposes only and may not be of the same grade or type, or may not be included in the dwelling unit purchased herein.
6. The Purchaser acknowledges that all features are as per applicable plan and are not standard on all plan types.
7. Marble, granite and wood are subject to natural variations in colour and grain. Ceramic and porcelain tile, carpet and laminated flooring are subject to pattern, shade and colour variations.
8. If the Lot is at a stage of construction which will enable the Vendor to permit the Purchaser to make colour and material choices from the Vendor's standard selections, then the Purchaser shall have until the date designated by the Vendor (of which the Purchaser shall be given seven (7) days prior notice) to properly complete the Vendor's colour and material selection forms. If the Purchaser fails to do so within such time period, the Vendor may irrevocably exercise all of the Purchaser's rights to colour and material selections hereunder and such selection shall be binding upon the Purchaser. No changes whatsoever shall be permitted in colours or materials so selected by the Vendor, except that the Vendor shall have the right to substitute other materials and items for those provided in this Schedule provided that such material and items are of equal quality to or better than the materials and items set out herein.
9. The purchaser acknowledges that there shall be no reduction in the price or credit for any standard feature listed herein which is omitted at the Purchaser's request.
10. References to model types/model numbers refer to current manufacturer's models. If these types or models change, the Vendor shall provide an equivalent model.
11. All dimensions, if any, are approximate. All specifications, dimensions and materials are subject to changes without notice.
12. Pursuant to this Agreement or this Schedule or pursuant to a supplementary agreement or purchase order, the Purchaser may have requested the Vendor to construct an additional feature within the Lot which is in the nature of an optional extra, if, as a result of building, construction or site conditions within the Lot, the Vendor is not able to construct such extra, then the Vendor may, by written notice to the Purchaser, terminate the Vendor's obligation to construct the extra. In such event, the Vendor shall refund to the Purchaser the monies, if any, paid by the Purchaser to the Vendor in respect of such extra, without interest and in all other respects this Agreement shall continue in full force and effect.
13. The Vendor shall have the right to substitute other products and materials for those listed in this Schedule or provided for in the plans and specifications provided that the substituted products and materials are of a quality to, or better than the products and materials so listed or so provided.
14. Floors and specific finishes will depend on Vendor's samples for specific areas selected.
15. All features and finishes are as per model plan and elevation selected.
16. Energy Star construction specifications may change to meet current compliance requirements in place at the time of building permit issuance.
